ABOUT THE CAUSE

DONATE TODAY

Financial struggles, mental health problems and the exploitation of children mean that, for many, the only option is to disappear.

It could be your child, someone in your family, a friend or colleague battling a crisis in silence. Or it could be you. When someone disappears, they become invisible, and many come to harm. It's life or death. Their loved ones are left with unimaginable loss. Tragically, more missing people than ever before are being found dead, many due to suicide. This is a national crisis. Missing People exists to connect everyone who is missing to safety, and to give them – and those who miss them - hope. Today, with your help, the charity can support another person in crisis and give them a safe way home.

Missing People offer a lifeline for people in crisis. We are the only UK charity lifeline for anyone affected by missing or thinking of going missing. Founded in 1993 by sisters Mary Asprey OBE and Janet Newman OBE, Missing People is a UK charity that provides specialist support to people who are missing or at risk of missing, and the families and friends left behind. Our free, confidential helpline is available by phone, text and email to support missing children and adults, and their loved ones.

170,000 PEOPLE ARE REPORTED MISSING EVERY YEAR IN THE UK

CHILDREN IN CARE ARE AT HIGH RISK OF BEING REPORTED MISSING.

1 in 10 children in care are reported missing, compared to 1 in 200 children not in care. Children in care who are reported missing will be reported on average 6 times across their time in the care system.

For all children, those from **minority ethnic** groups will go missing for longer. When Black children are reported missing, 20% will be missing for over 48 hours, compared to only 13% of episodes where a White child goes missing.
