

ABOUT THE CAUSE

Going missing is a matter of life or death for around 160,000 people each year.

Right now, families are searching for children, fearing for their safety. Searching too for mums, dads, siblings and grandparents who suddenly feel very vulnerable.

Missing People is the only UK charity dedicated to supporting missing children and adults, and their loved ones. **Our mission is to be a lifeline when someone disappears.**

Our work saves lives. Last year, we directly helped thousands of people who went missing or were considering disappearing, and loved ones who are experiencing fear, anxiety, and loss.

With donations and gifts in Wills **we can be there to support the missing and those who love them, for as long as it takes.** There when they need help most. There, if it's your family.
